Finish	FO, close the opening and weave in the end. Shape gently.

Tip: Lightly pinch the upper sides of the stuffed bud to create a more tulip-like shape.

2. CROCHET LEAVES

Make 2–4 leaves in green.

Step 1. Ch 16.

Step 2. Starting in the 2nd chain from hook: sc in next 3 sts, hdc in next 3 sts, dc in next 5 sts, hdc in next 2 sts, sc in next 2 sts.

Step 3. Work along the opposite side of the foundation chain in reverse order to form the second half of the leaf.

Step 4. Sl st near the base and FO, leaving a long tail for attaching.

Step 5. Curve the leaf gently with your fingers.

3. STEM ASSEMBLY

Use floral wire or a flexible craft stem for extra stability. A tightly crocheted cord can also be used for a completely soft version.

Step 1. Cut each stem to the desired length, leaving extra length to anchor it.

Step 2. Wrap green yarn tightly around the stem and secure the ends.

Step 3. Insert the top of the stem into the base of the tulip and stitch securely.

Step 4. Position the leaves on the stem and stitch them firmly in place.

Step 5. Repeat for all flowers.

4. CROCHET FLOWER POT

Use beige, cream, or another neutral yarn. Work in continuous rounds.

Round	Instructions
R1	MR, 6 sc. (6)
R2	inc around. (12)
R3	(sc, inc) × 6. (18)
R4	(2 sc, inc) × 6. (24)
R5	(3 sc, inc) × 6. (30)
R6	(4 sc, inc) × 6. (36)
R7–15	sc around. (36)
R16	sc around in back loop only for a subtle rim. (36)
R17–18	sc around. (36)
Finish	FO and weave in the end.

5. FILL AND CLOSE THE POT

Step 1. Place a small amount of polyester fiberfill inside the pot to give it shape.

Step 2. For extra stability, add a small flat craft weight at the bottom and keep it fully enclosed.

Step 3. Add more fiberfill around the stems so they sit securely.

Step 4. If desired, sew a matching crochet circle over the bottom for a neat finish.

6. FINAL ASSEMBLY

Step 1. Arrange the stems at three slightly different heights.

Step 2. Insert the stems into the centre of the crochet pot.

Step 3. Check that the arrangement is balanced and the pot sits flat.

Step 4. Fan the leaves outward naturally.

Step 5. Secure the stems inside the pot with a few stitches if necessary.

Step 6. Gently shape each tulip bud and leaf.

COLOUR IDEA

Try pink, cream and green together for a soft pastel arrangement. You can also make all three buds the same colour or use seasonal shades.

7. TROUBLESHOOTING & CUSTOMIZATION

Problem	Adjustment
Bud is too wide	Use a smaller hook or reduce the increase rounds.
Bud is too small	Use a larger hook or add one increase round.
Stem bends	Use thicker floral wire or a tighter crocheted cord.
Pot tips over	Add a concealed flat weight to the base.
Pot is too loose	Reduce hook size or work fewer increase rounds.
Want a taller arrangement	Increase stem length rather than greatly enlarging the flowers.

PATTERN NOTES

This pattern uses US crochet terminology. Stitch counts are guides and can vary with yarn thickness, tension and hook size. Make a small test piece if you need a specific finished size.

CARE

Keep the finished arrangement dry. Dust gently with a soft brush or dry cloth. Avoid pulling the flowers or leaves and keep away from prolonged direct heat.
